

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (original) A sheet material for wrapping metal goods, in order to protect said metal goods from corrosion, comprising:
  - (a) a woven scrim having an inner side and an outer side;
  - (b) a polyolefin film laminated on said inner side of said scrim, said film comprising:
    - (i) 0.5-15 % by weight of a contact corrosion inhibitor; and
    - (ii) 0.1-0.9 % by weight of a volatile corrosion inhibitor.
2. (original) A sheet material according to claim 1 further comprising a polyolefin film laminated on said outer side of said scrim.
3. (currently amended) A sheet material according to claim 1 ~~or 2~~ wherein said scrim comprises polyolefin tapes.
4. (original) A sheet material according to claim 3 wherein said scrim comprises high density polyethylene.
5. (original) A sheet material according to claim 3 wherein said scrim is polypropylene.
6. (original) A sheet material according to claim 3 wherein said scrim comprises 4-16 tapes per inch in the machine direction and 2-16 tapes in the cross direction.
7. (original) A sheet material according to claim 6 wherein said scrim has a weight in the range of 30-400 grams per square meter.
8. (currently amended) A sheet material according to claim 1 ~~any one of claims 1-7~~ wherein said inner polyolefin film has a thickness in the range of 0.5-3.0 mils.

9. (original) A sheet material according to claim 8 wherein said inner polyolefin film comprises low density polyethylene.

10. (original) A sheet material according to claim 8 wherein said inner polyolefin film comprises a blend of low density polyethylene and linear low density polyethylene.

11. (original) A sheet material according to claim 8 wherein said inner polyolefin film comprises polypropylene.

12. (original) A sheet material according to claim 2 wherein said outer film has a thickness in the range of 0.5-3.0 mils.

13. (original) A sheet material according to claim 2 wherein said outer polyolefin film comprises low density polyethylene.

14. (original) A sheet material according to claim 2 wherein said outer polyolefin film comprises a blend of low density polyethylene and linear low density polyethylene.

15. (original) A sheet material according to claim 2 wherein said outer polyolefin film comprises polypropylene
